

# HERE'S the POINT

by SPENCE HELD

Good for Ike!  
In his personal declaration of independence the other night, he said ixnay on the formal receptions, ceremonial dinners, etc., which are dear to the hearts of Washington society dames.

Me, I wouldn't be caught dead at any formal function I can think of. As a guy who has been bored rigid at a thousand large dinners, meetings and other functions, I can say without fear of refutation that most of them were a waste of time.

The average after-dinner speaker is a windy bore; I discovered many years ago that better minds are encountered in books.

Abe Lincoln detested affairs like receptions for foreign ambassadors, where he had to parrot phony phrases furnished by the State Department. (See "The Day Lincoln Was Shot," by Jim Bishop.)

Well, my recent blast at Truth or Consequences, N. M., had repercussions here and there.

Mrs. James A. Martin, of 3803 Centraloma Dr., who has a sister residing in that town, and has visited it every year since 1943, sent the column to the editor of the T. or C. newspaper.

She asked him to reprint it "for the hometown folks to see."

Whereupon she received a letter from Helga M. Latham, manager of the T. or C. chamber of commerce, declaring that "Letters such as yours is, really doesn't merit an answer . . . I certainly cannot see any point in printing any such derogatory article."

Helga added: "I'm afraid you are wrong or have been misinformed as to the prosperity portion of your letter. Our city was headed down economically when Ralph Edwards in this big hearted gesture put us on the map again and has helped, with the advertising and publicity, to make our town grow."

Mrs. Martin disagrees. Her sister's husband is in business there; "business has steadily declined the past five years for several business people (friends of my sister) that we talked with. A stranger in town can ask anyone, on the street or in a place of business, and they are all opposed to "Truth or Consequences" as the name of their town."

(Apparently they're not going to get a chance to vote on going back to the old name of Hot Springs, changed in 1950 to advertise the radio program.)

In Mrs. Martin's opinion, "freedom of the press does not exist there."

I saw the Point Loma High School play, "Tell Me, Pretty Maiden," last Thursday night, and enjoyed it.

Fred Goodman was excellent as "Mr. Krux, a dry pedagogue." Jim Sibbet gave a sprightly performance in the role of "Jack Poyntz, an uninhibited young man."

(Jim played football last fall; I remember him on defense in the Hoover game.)

Kathy Lane and Betty Dawson also were outstanding.

Sunday afternoon's performance of "Hansel and Gretel," by the Cal Western Opera Workshop, drew a large crowd of parents and kids to Dana Jr. High auditorium.

Mildred Lamb and Elizabeth Wolf were nothing less than splendid in the title roles; and the kids loved the witch (Claire Everhard), riding a broomstick around the stage.

The singing by members of the Point Loma High School Girls Chorus (Gingerbread Children) was well-received.

We certainly have plenty of talent in this community.

## Bank Participates In Project For Home Improvement

Bank of America is participating in Operation Home Improvement, a special 1956 project sponsored by the United States Chamber of Commerce, Rollin Reed, manager of the Ocean Beach branch, announced today.

"Manufacturers of building materials, suppliers, national consumer and housing magazines, the government housing agencies and banks all are joining forces in a year-long campaign to encourage home owners to repair and remodel," Reed said.

"The hope is to increase the home improvement market to \$15 billion this year. The motto is '56—the year to fix.'"

The branch manager said low-cost loans up to \$3,500 are available, with repayment terms as long as three years. All types of improvements which become part of a home are eligible, including built-in appliances, air conditioning, remodeled kitchens, and major items such as adding a garage or room.

## City Asked To Clarify Plans For Beach & Park

Directors of the Ocean Beach Chamber of Commerce, meeting Tuesday morning in King's Cafe, voted to ask the City to clarify plans for development of Mission Bay Park, south of the channel.

The board also decided to ask the status of the proposed beach park development between Niagara Ave. and Long Branch Ave. on the ocean front.

Other requests to the City included the banning of delivery truck parking on Newport Ave., and a recommendation that the Council retain facilities at Torrey Pines for sports car racing, in addition to golf courses.

Representatives of the S. D. Junior Chamber of Commerce had urged the Torrey Pines action.

(The City Council, meeting later in the day Tuesday, voted 6 to 1 to ban sports car racing around the proposed Torrey Pines golf courses.)

Local Chamber directors also urged members to respond to the new dues program so the Chamber can carry out its 1956 projects benefiting this area.

President Bill Knopp presided at the meeting.

## Baseball Season Starts At PLHS

Basketball season has ended at Point Loma High, and baseball is under way—with good prospects.

The B basketball team lost a tough one to Ventura, 22-18, in the Santa Monica tournament Friday, completing the season with a win-loss record of 16-2. Five-minute quarters were the rule at Santa Monica, thus cutting down point production.

Al Olson, formerly of the Padres, is the new varsity baseball coach at Point Loma. His charges lost a 10-inning game to Chula Vista, 8-7, Friday, but showed potential batting strength.

Bennie Edens is coaching the JV's; they defeated El Cajon High's JV team, 1-0, Tuesday when Ed Reddington pitched a 1-hitter for the locals.

## PL Little League Parents To Meet

Boys between 8-12 and their parents, residing in the Cabrillo, Sunset View and Silvergate School Districts, are invited to attend a Point Loma Little League meeting Friday, March 9 at 8 p.m. in Silvergate auditorium, according to Arnold Kehrl, Jr., president.

Plans for the coming season will be discussed. (Boys residing in the above school districts are eligible, no matter what schools they attend.)

Registration forms have been distributed through the three schools; boys still may obtain them at the fire station at 1055 Catalina Blvd., Kehrl said.

The completed forms should be taken by boys to registrars at Silvergate School Saturday, March 17, from 9 a.m. to 12 noon. Registration will be held in the patio area.

## JUNIOR EMPLOYMENT SERVICE OUTLINES ITS S. D. ACTIVITIES

The problem teenagers face in finding employment is one that has long occupied the attention of the San Diego City Schools, John D. Wimmer, coordinator of the school system's Junior Employment Service, said this week.

Wimmer said that this office annually issues about 5000 work permits to school students and that part-time job placements normally run around 3000 a year. The City Schools themselves employ about 100 youth in part-time work, he added.

"The recent series of Town Meetings on delinquency prevention almost without exception reported on a need for greater employment opportunities for youth," Wimmer commented.

"I agree," Wimmer said, but he added "I feel that many persons in the community, including some potential employers, are not aware of the continuing activities of the Junior Employment Service in helping teenagers find work."

The Junior Employment Service, located in the Education Center, now has registered in its active file 2000 students who are seeking part-time employment, he explained. Students may register at any senior high school, but a central file is kept at the J.E.S. office.

Employers seeking young part-time workers may call either the employment counselors in the senior high schools or the Junior Employment Service office. Job placements range from the "beginning" type, such as

## 29-Pound Cow Cod Snagged By S. D. Sportfisherman

Largest cow cod caught by a sportsman here in at least a decade and definite improvement in surface fishing prospects at the Coronado Islands and the Rock Pile shared billing on the San Diego sportfishing front the last few days.

The big cow cod checked in at 29 pounds 4 ounces several hours after it was decked by Tommy Farrow, San Diego, who made the catch from the Lo-An nine miles west of Point Loma. Otherwise, anglers filled their sacks with big reds and smaller cows and a few lings.

At the same time, things appeared on the verge of starting to pop for the boats in quest of yellowtail and other surface game fish. Anglers tied into heavy fish at the Rock Pile which smashed tackle right and left, and Skipper Lloyd Juelson of the Alalunga reported at least 15 heavy hookups without once seeing the color of the fish. Such conditions are calculated to bring the yellowtail in without delay.

At North Island, rod and reelers took a wide variety of fish, topped off by white sea bass running as high as 35 pounds taken aboard the Polaris. Outside the Islands, Skipper Bill Poole reported big schools of breaching mackerel and bonito, and tremendous schools of bait fish. Point Loma-Ocean Beach area anglers who won places in the spotlight with exceptional catches during the week included: Leonard Cunningham, W. T. Parsons, Helen Reed, M. T. Watson, V. O. Moore, J. W. Moore, and P. O. Brooks.

## CITY-COUNTY MUSIC FESTIVAL TO BE HELD FRIDAY, SATURDAY

Thirty-five school bands and orchestras and more than 300 soloists and ensembles will participate in the 13th annual San Diego City-County Instrumental Music Festival Friday and Saturday at Mission Bay High School.

Festival activities will begin at 8 a.m. both days, continuing into the evening. Most participants will come from junior and senior high schools, but some elementary schools also will be represented.

Purpose of the festival, said Co-chairmen Kenneth D. Owens and Robert A. Kavelman, is not competition, but to provide each group and soloist an opportunity to perform before experienced adjudicators who will write comments and criticisms for the benefit of participants. Owens is a City Schools instrumental music instructor, and Kavelman is director of the Mission Bay High band.

Featured events will be held Friday and Saturday evening in the Mission Bay High auditorium and will be open to the public. Friday evening's program, beginning at 7, will include guest appearances of the All-City Elementary School orchestra, directed by Owens, and the Wilson Junior High Orchestra, directed by Frederick Baker.

Top high school orchestras from the city and county will perform for adjudication during the balance of the evening. Saturday evening's program, also at 7, will feature seven of the area's top high school bands. Admission will be charged for the evening programs (adults, 50c; students, 25c).

Meanwhile, hundreds of instrumental soloists and smaller groups will perform for adjudication throughout Friday and Saturday.

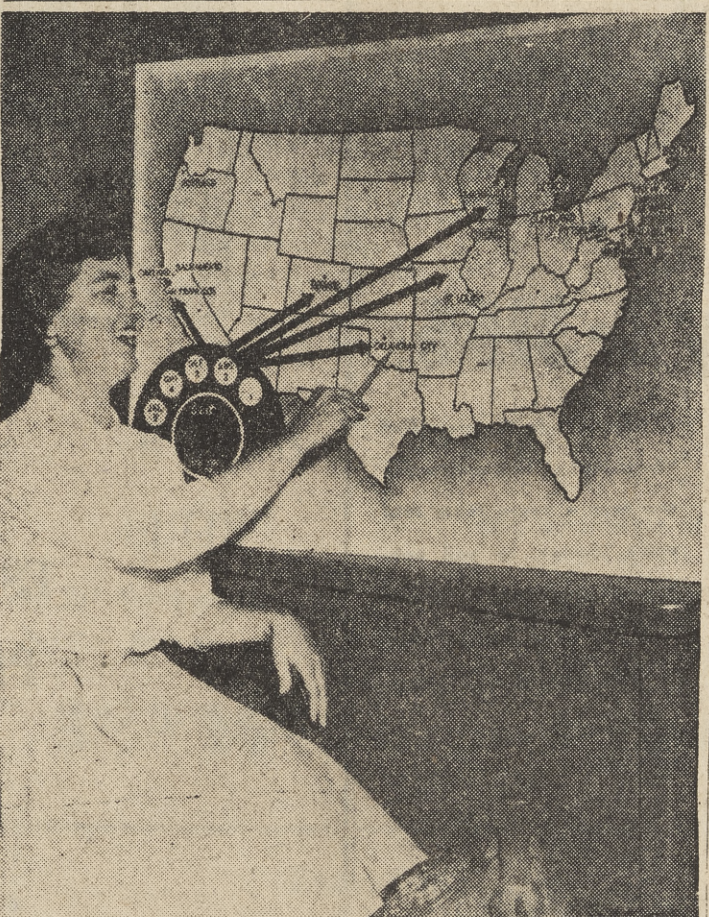

## O. B. 6th Graders At Camp Cuyamaca

There was excitement in the air Monday morning as pupils from the four 6th grade classes at Ocean Beach Elementary School climbed aboard four buses to start a five-day camping trip in the Cuyamaca Mountains. Bed rolls and suitcases followed in a truck.

The 145 boys and girls, one of the largest groups of sixth graders ever to go to San Diego's School Camp at Cuyamaca, were accompanied by their teachers—Bob Ferrier, Joe Mills, Conrad Wagner and Mrs. Carol Huckabee.

They will return tomorrow afternoon, filled with memories of an absorbing, worthwhile experience. Lessons in soil conservation will have been made more vital by actual work with camp counselors in the forest. Nature study will become more vivid because of the hikes and field trips taken.

Children who did not choose to attend camp are continuing regular school work this week. On Wednesday, March 14, sixth grade pupils will present an assembly on their camp experiences, to the children of other grades.

DIRECT DISTANCE—Viola Bean, telephone company customer dial instructor for the local area, is one of several employees scheduled to explain Direct Distance Dialing to clubs, church groups, etc. Inquiries for these talks may be made at BE-9-1102.

## Last Rites Today For Mrs. Nelson

Services were to be held at 9:30 a.m. today in Beardsley Funeral Home for Mrs. Elissa Nelson, 61, of 4853 Santa Cruz Ave., who died March 3 in a San Diego hospital. Entombment was to be in Greenwood Mausoleum.

She was a native of Denmark and had resided here five years. Surviving are a sister, Mrs. Anna Jensen, 4853 Santa Cruz, a daughter, Mrs. Shirley Hammer, Mt. Angel, Ore., and two grandchildren.

## 11 CWU Cagers To Get Letters

Letters will be awarded to 11 members of California Western University basketball team, announced the university athletic board.

The letters, to be presented at the university's Activities Awards Day in May, will go to: Tom Deshler, Wiley Britt, Eddie Edington, A. V. Gailey, Sam Howard, Ike Harper, Don Meier, Dan Prager, Salvador Tarango, Joe Wilson and Jerry Keating. Keating, who has been called to the Marines, will receive his letter by mail.

Closing Cal Western's first basketball season last week, Coach Carmack Berryman announced that four games had been won and 16 lost.

The athletic board includes Floyd Samson, C. B. Loomis, Edwin E. Krapf and George Clark.

## Big O. B. Kite Festival Scheduled For March 16

Kids and kites will provide an afternoon of fun and excitement Friday, March 16, in the annual Ocean Beach Kite Festival.

"We're giving it back to the kids this year," said Jack Dawson, recreation leader at O. B. Community Center. "They are making their own kites—previously, the recreation leaders did most of it and then the kids decorated them."

"Also, the parade will consist only of boys and girls with kites. There will be no convertibles carrying dignitaries."

The parade will start from Ocean Beach School at 3:30 p.m. Friday the 16th and proceed down Newport Ave. to the beach, where kites will be launched in a massed flight.

This year's Kite Festival will involve children in grades 3, 4, 5 and 6 for the most part, Dawson said, although some 1st and 2nd graders probably will participate. Children from other schools are welcome in the parade.

O. B. Kiwanis Club is a co-sponsor of the Kite Festival, and will be in charge of the parade. The club is furnishing materials for kites, being made at the Community Center daily from 3 to 5 p.m.

Parents Kite Night was held there Tuesday, with another scheduled Monday night, March 12, when parents may help children make their kites.

Thursday, March 15, at 3:30 p.m., there will be a contest at the Community Center for the best-decorated kites, with prizes being awarded.

Works of art by local artists and students will be exhibited at the annual Point Loma High School PTA Art Scholarship Tea next Tuesday, March 13, from 2 to 5 and 7 to 9 p.m. in the girls gym.

The public is invited. Students will visit the display Wednesday morning.

J. Milford Ellison, art instructor at PLHS, is in charge of the display. Local artists who wish to submit entries are asked to call him at the school, AC-3-3121.

## Meeting Called On Delinquency

An open meeting to discuss juvenile delinquency in the Peninsula Area will be held Wednesday, March 14, at 7:30 p.m. in the cafeteria of Dana Junior High School.

This is an outgrowth of the "town meeting" held recently at Dana. A group of parents voted to form a citizens committee for further study of juvenile problems and to take definite action in the community.

## Silvergate PTA

"Adventure in Music" will be the subject of a meeting of the Silvergate School PTA to be held Tuesday, March 13, at 7:30 p.m. in the school auditorium.

Musical selections will be presented by the school orchestra, under the direction of Eugene Holloway. Lloyd McClain, Silvergate teacher, will show colored slides of his trip to Europe. Fifth grade Mothers will speak.

The second in a series of parent-child study groups will be held on Thursday, March 22, at 10 a.m. in the school auditorium. Miss Rosa Parsons, city schools psychologist, will speak.

## JAMES CURRY OF OCEAN BEACH CANDIDATE FOR ASSEMBLYMAN

James Curry, of Ocean Beach, announced today that he will be a candidate for the California State Legislature in the 78th Assembly District. He will enter the Democratic primary.

An employee at Ryan Aeronautical Company, and secretary-treasurer of the CIO San Diego Industrial Union Council, Curry has taken an active role in community affairs during the last five years.

In addition to his participation in both the CIO Council, and Local 506, United Auto Workers, Curry is a member of the volunteer board of directors of the Community Chest of San Diego Area and has just been elected to the Community Welfare Council Board.

He serves on the campaign cabinet of the United Success Drive, is a member of the Labor-Community Relations Committee, and of the California CIO Community Services Committee.

Last year, he organized San Diego's first Union Counseling Course, sponsored by the CIO, to acquaint union members with health and welfare services that are available in the community. It was the first such course in the nation to be opened to AFL members and the general public.

## Services Held Monday For Mrs. Walker

Christian Science services for Mrs. Lillian Walker, 58, of 3923 Milan St., were held Monday at 11 a.m. in Beardsley Funeral Home. Interment was in Greenwood Memorial Park.

Mrs. Walker, a native of Indiana who had resided here 10 years, died March 1 at her home. Surviving is her husband, Clarence D. Walker.

## CARBURETING

Tom Smith, local service station owner, told of his recent talk at a section meeting of the American Association of University Women. His subject was: "Your Car, Friend or Foe."

Said Smith: "I took a few parts of an automobile engine down there to show 'em. One woman immediately designed a hat that looks like a carburetor."

I told 'em about the modern craze of going to Europe to buy cars. These foreign jobs operate more economically and have appeal in a low slung design. A lot of men are shopping abroad for wives, too."

"I made an attempt to explain how a motor works in a car. It was unsuccessful. I told 'em they wouldn't understand it. You know, I was going over big until that point," Smith said.

## STATION IDENTIFICATION

A Navy Chief in a blue Mercury joined two other cars in a race down Harbor Drive several days ago. They didn't know it was radar-patrolled. The officer pulled two of the cars over to the roadside and gave out tickets.

When he got back to his motorcycle and the third car, the chief said, "I couldn't have been speeding, sir, and . . ."

About that time a voice blared out over the officer's radio, "That blue Mercury was doing 70."

" . . . and if there's one thing I hate, it's a squealer," the Navy Chief continued.

But the exciting part of the story lies in the fact that she was part of a twosome until green 6 when she and her partner, Mrs. T. W. McIntosh, teamed up with a couple following them, thus providing the necessary three witnesses.

## SPECIAL DATE

Mrs. A. W. Withers, 4567 Bermuda, was hostess to the Gourmet Section AAUW recently. The group usually meets at restaurants where they try different kinds of foreign dishes. This time they had the opportunity of seeing and tasting all the fancy fixings that Mrs. Withers learned in a recent caterer's class.

She served a selection of fancy hors d'oeuvres, salads and marzipan (a confection she colored and molded to resemble fruit.) Her dessert was a flaming cake glaze. On each plate she lighted two cubes of sugar which had been soaked in flavoring and placed on foil.

## Our Great America ☆ by Woody

Plant-A-Tree Week Being Held  
In California—Here's The Pitch

Of all living things, certainly one of the most beautiful is a tree. Tributes to it are legion among the works of poet, composer and artist alike.

Perhaps trees rank as highly in our esteem as they do because in addition to being beautiful to behold they offer a relief and a haven. A tree is a comfort to a weary traveler offering shade from the sun and protection from storm. It is a comfort to the eye, a restful, soothing thing to see. Many are the neighborhoods and even cities which boast of shady, tree lined streets.

And throughout history, trees have played a great part in determining the location of trade routes, homes, villages and eventually cities. In the desert, travelers planned each day's journey to end at a tree or oasis knowing that here was shelter and usually a welcome spring or well. In the early west, settlers often chose the location of their home seeking the shelter, protection and wealth of material provided by trees.

In addition to their beauty, trees are also of material value. Trees are the raw material of timber, paper, fruit and sap for syrups, medical and building purposes. And of increasing importance, trees prevent erosion and the consequent loss of valuable farming land.

Today, engineers and scientists have found even another reason for planting trees. In this highly organized, complicated and often noisy civilization of ours, they have discovered that another important function of the tree is that it serves as sound barrier against traffic and other noises of city and suburban life.

With so many roles to play in man's life, certainly a tree is a valuable planting, says the California Association of Nurserymen. To encourage California gardeners and homeowners to enjoy the many benefits and pleasures provided by trees, this week was designated Plant-A-Tree week, March 7 is, of course, rec-

ognized as Arbor Day in California.

For the home gardener, there are trees to fit any garden or yard situation and for this week, nurserymen everywhere are featuring the varieties which will grow best in your locality. There are flowering trees to herald the approach of Spring; deciduous trees which will greet Fall with a symphony of autumnal colors and evergreen to provide a welcome foliage the year around.

There are fruit trees which will not only fill the air with the aroma of their blossoms but furnish a delicious crop of eating and canning. There are shade trees, trees for decorative planting, for screening unsightly areas and for breaking the wind. Trees planted along parking and street areas are an effective block against noises from traffic.

Trees are also a valuable asset to property, enhancing the house, its grounds and gardens. In this Plant-A-Tree week survey your home and see if you couldn't add extra beauty and extra comfort by planting at least one more tree.

## HEALTH FOR ALL

How often we hear that abundant America is the best fed country in the world! Praise for the varied American diet is frequently expressed in terms of "calories"—we may hear, for example, that the people of less fortunate lands have only so many calories a day in their diet compared with the high calorie content of the average American diet.

In these days, when so many people are conscious of their weight, we hear about "counting calories." We take this to mean that people who are over-weight should avoid rich foods. But the fact is that everybody, even those whose weight is normal, should be concerned with calories—not so much with counting them but with distinguishing between two different kinds of calories, for the kind of calories in our diet holds the key to good nutrition.

An important defect in the U. S. diet is the large consumption of "empty" calories—a defect which has worsened by about 40 per cent in the last 40 years.

What are "empty" calories? They are sources of body energy that provide virtually none of the minerals or vitamins essential for health. They are found primarily in sugar and cooking fats.

If the intake of fats and sugar in our diet should be curtailed to cut down on "empty" calories, where do we find the "full" calories that do contain the minerals and vitamins we need? They are found in meat, eggs, and milk, starchy and watery vegetables, and fruit. For better nutrition we should eat more of these foods.

It would be ironic indeed if well-fed America should suffer from poor nutrition because we don't know what kind of calories to count!

### "SMALL BUSINESS"

By C. WILSON HARDER

Considerable criticism is leveled at Sen. William Knowland by so-called intellectuals. The senator's chief trouble seems to be he insists on calling a spade a spade instead of another.

He probably inherits this practical realism from a father who built a very successful newspaper in Oakland, California, and did so well at the job that a major chain publisher found a few years ago there was no room for him in Oakland. So Senator Knowland knows what it takes to meet a payroll.

Therefore, when Sen. Knowland spoke out in New York recently on proposed plans to engage in a long range ten year foreign giveaway program, he attracted a great deal of attention that will be reflected on Capitol Hill when new plan for global boondoggling is debated.

"I question their right," he said, "to get long term government-to-government grants and loans which keep adding debt and tax burdens to the American free enterprise camp to the point where its back is broken."

He was referring to many foreign nations who are taking stand they will stay neutral only if Uncle Sam shells out to them.

He also warned U. S. economic strength is vital to entire free world; that if U. S. collapses because of foreign giveaways, entire free world will also collapse.

Sen. Knowland also issued pointed reminder to government.

It reappraisal of foreign give-

#### S. D. Heart Fund Appeals For Contributions

An urgent appeal for contributions to the 1956 Heart Fund was made today by the San Diego County Heart Association, which announced that only \$76,000 of the \$100,000 has been raised.

"The continued maintenance of the Heart Center in Sharp Hospital, as well as our regular schedule of education, research and community service, and our plans for initiating rheumatic fever and cardiac-industry programs, are at stake unless our year's budget of \$100,000 can be

met," Dr. A. L. Edgar, president of the Heart Association, said at an emergency meeting of Heart Fund volunteers.

"It's still not too late for San Diego residents to make their Heart Fund contributions," Dr. Edgar stated, in urging immediate support. "Because there is no house-to-house solicitation of Heart funds locally, mail contributions from San Diego residents and business firms form the very backbone of the Heart Fund here in San Diego."

Edgar announced that less than 50% of the Heart Fund envelopes mailed February 10 have been returned with contributions.

Contributions in the form of Heart Fund donations, memorial gifts and bequests may be mailed to the San Diego County Heart Association, 1651 Fourth Ave., San Diego 1.

#### Methodist Church 'March Of Faith'

Rev. J. Max Chamberlin is the guest preacher and leader for the "March of Faith" program, which opened Wednesday evening March 7, and continues through March 14, at the Point Loma Methodist Church. Rev. Chamberlain will preach on "A Cut Flower Civilization" Sunday, March 11.

The week-long program is one of preaching and visitation evangelism with Mr. Chamberlin as leader, and is the outstanding event of the year in the Methodist Church. Methodist churches throughout the city will be observing such a visitation program.

Mr. Chamberlin is the pastor of the Methodist Church in El Monte, and was previously at Vermont Square in Los Angeles and in Fullerton.

#### Nobody Is 'Educated,' Says Lecturer

Concluding the seventh annual series of "Adventures in Living" lectures on the art of learning from history what to expect from the present, philosopher John Robert Clarke will speak on "Tomorrow's Schools and the Dance of Life," at 8 p.m., Tuesday, March 13, at the House of Hospitality, Balboa Park.

"One king-size obstacle to education," says Clarke, "is the word 'educated,' with its implication, in the past-tense, of something completed or conferred by a diploma. If we are constantly evolving, gathering, losing, nourishing, starving the elements of

our education, the only 'educated' man is probably the man at his final rest."

In his lecture, Clarke will explore recent charges that assertedly "educated" adults today live on a primitive level of consciousness, and consider what kinds of education may be required to guard personal and community freedoms in a democracy.

All lectures in the Clarke Series, now presented in Beverly Hills each week as well as locally, are open to the public and followed by a coffee session and

#### 'Average 16-Year-Old Has 7 Teeth That Have Been Attacked By Decay'

Serious observance this week of National Children's Dental Health Week on the Peninsula can mean sounder, healthier teeth for every Peninsula youngster, Dr. R. C. Murphy, local Dental Health Week chairman, said yesterday.

The American Dental Association sponsors the event annually, Dr. Murphy said, as a reminder to parents of the things they should teach their children to take good care of their teeth.

"Unfortunately too many parents have not shown enough concern in the past," Dr. Murphy went on. "Tooth decay doesn't have to happen. It can be prevented at home. Yet today American children have 300-million cavities. The figure is climbing every year."

Dr. Murphy said the average 16-year-old has seven teeth that have been attacked by decay. At 4' the average person has 19 decayed, filled or missing teeth.

Peninsula parents can start their youngsters out on a lifetime habit for good dental health, Dr. Murphy said, by putting over these points to their children:

Brush the teeth immediately after eating and after drinking anything sweet. Sweet food particles form decay-causing acids that work on the enamel of the teeth almost instantaneously.

When a toothbrush isn't handy, rinse the mouth thoroughly with water after meals or snacks.

Eat a well-balanced diet low on sweets. Replace sugar-rich foods with fresh fruits and uncooked vegetables such as carrots and celery.

Don't expect any toothpaste or tooth powder to perform miracles. It's the brushing that counts.

Dean Turner, who makes his home on Del Mar Ave., was viewed on KFMB-TV, where he is employed as program coordinator, when he opened a new series of programs concerning traffic safety and education.

Also taking part in this presentation was Traffic Officer Bob Risteau, of the San Diego Police Dept., and Dave Thompson, executive director for the Traffic Safety Council. Entitled "The Weakest Link," this program carefully worked in the Teen-age Annual Conference and the Saturday morning classes which are conducted by the San Diego Police Dept. and open to the public.

Chairman of the coming Teen-age Driving Rodeo, Glen Zick, was also a guest on this weekly half-hour show which may be seen over Channel 8, Fridays, at 10 a.m.

Tomorrow's program will deal with the subject, Highway Patrol in Action.

Mr. and Mrs. Ralph C. Kimball of 4429 Muir Ave. have announced the engagement of their daughter, Betty Jean Kimball, to Robert Mendez, son of Mr. and Mrs. Nick Mendez of Chula Vista. An April wedding is being planned. The bride-elect is a graduate of Point Loma High.

## \* WASHINGTON LETTER \*

Sen. Thomas H. Kuchel (R-Calif.) and I have conferred over the possibilities of pushing through Congress this year an emergency appropriation to launch a dredging project in the Mission Bay Harbor. It won't be easy, since the President did not recommend such an appropriation in his budget this year. However, it is worth a good try and we might be able to put it over.

Mayor Charles Dail and City Manager O. W. Campbell were here recently with pictures showing the damage to Mission Bay beaches already caused by shifting currents in the Bay. These shifts were the result of sand bars which have built up in the bay. It is a serious problem which certainly deserves the consideration of Congress, since the government still is obligated by law to spend \$3,000,000 more on navigational features of the Mission Bay yacht harbor development.

I intend to propose an amendment to the fiscal 1957 military public works bill which would give the Armed Services Committee a chance to consider the Army's decision to take over surplus San Diego housing land and to reject the idea if it believes another course would be wiser.

The Mayor and City Manager

## 4th Graders Visit Mexican School

Boys and girls in Mr. McLaren's 4th grade class at Ocean Beach Elementary School participated in the interesting experience of visiting a Mexican school.

Since Christmas vacation, the children have been studying the social studies unit, "Living in Mexico." Class projects completed or currently in progress include a relief map of Mexico, the construction of a pen-type hut, illustrations of homes, research

and reports on the products and industries of Mexico, and a study of the native costumes of our neighbor to the south. They also have been learning some of the language and songs of Mexico.

Arrangements were made for the class to visit a 4th grade in an elementary school in Tijuana. Several parents accompanied the group and the trip was welcomed by all as an opportunity to have classroom learning reinforced and brought even more to life.

## Here Are Causes Of Fatal Crashes

SACRAMENTO — Speed, violations of the right-of-way and drunk driving led the list of deadly traffic violations causing accidents in California during 1955, according to preliminary figures released recently by the California Highway Patrol.

"The preliminary figures show that over half of our fatal and injury accidents were caused by one of the three violations," declared Patrol Commissioner B. R. Caldwell. "Following closely behind the deadly three were violations involving improper turns, driving on the wrong side of the road, following too closely and improper passing."

In an effort to stop accidents the Patrol issued citations for 778,014 traffic violations during the year," Caldwell said. "A lot of self policing with stricter adherence to the traffic rules and regulations is necessary if we are to substantially reduce our traffic toll."

Traffic violators will continue to be cited when observed but every driver and pedestrian must take charge of their own actions in traffic. The best way is to obey the rules and stay alive. Don't let a traffic violation kill you."

It was a short move for Mr. and Mrs. Emil Linstrom, 3733 Curtis St., to their new home in the 3500 block of Fenelon. Mr. Linstrom is retired.

### "CHECK THE ADVANTAGES"

This convenient Directory is composed of friendly local firms who realize that in order to maintain the patronage of resident shoppers, high quality, low cost and better service, must always be at your disposal. Hence, service, convenience, home delivery, local telephone, are just some of the many reasons why IT PAYS TO SHOP LOCALLY.

### "ENJOY THE FRUITS OF LOCAL HARVEST"

You can have fun and become better acquainted with local advertisers and their ads by participating in our "BOOSTER SLOGAN" Contest. In each column can be found a "Hidden" Word—combine them and you have our slogan for this week—write a brief paraphrase along the same theme as the slogan—it does not necessarily have to rhyme but must always lend to the advantages of local shopping.

EXAMPLE—"Many More Reasons Why Local Trading is Best, Get Shopping Done with Time to Rest."
